

COMMERCIAL VEHICLES

Robotic Welding For Commercial Vehicles Manufacturers

- Light Commercial Vehicles (LCV)
 - Vans
 - Pickup
 - Mini Buses
- Medium-Duty Trucks
 - Delivery Trucks
 - Box Trucks
- Heavy-Duty Trucks
 - Semi-Trucks
 - Tractor

INTECRO, has developed and delivered the "Robotic Flexible Production, Assembly and Transfer System" for commercial vehicle production.

WELDING SYSTEMS For TIER-1/2 Manufacturers

- SEAT CHASSIS
- AXLE PRODUCTION
- ALUMINIUM FUEL TANK
- AIR CONDITIONER BODY
- BRAKE PADS AND DRUMS
- VEHICLE AND PASSENGER SAFETY COMPONENTS

INTECRO promises perfect joining solutions for all lower and upper body groups, especially with metal content. Imagine personalized production with work-specific fixtures and system design. INTECRO is ready to deliver your Turnkey Welding and Metalworking Solution.

INTECRO, has developed and delivered the "Robotic Flexible Production, Assembly and Transfer System" for commercial vehicle production.

Flexible production lines utilize multiple processes at once, including image processing, quality control, component verification, assembly, lubrication, sealing, torque-controlled bolt tightening, and more. INTECRO's production and assembly lines are equipped to handle all of these tasks autonomously, working with various types of workpieces in the Industry 4.0 framework.

INTECRO promises perfect joining solutions for all lower and upper body groups, especially with metal content. Imagine personalized production with work-specific fixtures and system design. INTECRO is ready to deliver your Turnkey Welding and Metalworking Solution.
